

# Cellnergy Wellness

EXPERIENCE A NEW WAVE TO FEEL YOUR BEST

Cellnergy Wellness harnesses the power of:

## TERAHERTZ WAVES

Activates stem cells deep within the bone marrow without harming surrounding cells and tissue.

## RED LIGHT THERAPY

With a wavelength of 630 nm, this helps stimulate a wide range of cells and can penetrate the skin deeper than any other light color, maximizing its therapeutic benefits.

## HEAT THERAPY

Uses controlled heated airflow to help enhance blood flow, encourage nutrient delivery to cells, aid in the elimination of toxins, alleviate pain, reduce muscle tension, and promote relaxation

## How to Use

1. Drink water before using the device.
2. Plug the device into a power outlet and adjust the settings using the dial at the bottom:
  - Setting 0:** Off
  - Setting 1:** High speed, low heat for facial treatments
  - Setting 2:** Low speed, high heat on ribcage and spine for stem cell activation
  - Setting 3:** High speed, high heat for specific areas
3. Hold the device 20 to 30 cm away from the face or body
4. Direct the hot air in sweeping back and forth or circular motions on the treated area, either over bare skin or clothing. Treat each area for approximately 10 minutes.
5. After usage, turn off the device and enjoy a glass of water.
